Cardano Catalyst Incentivized Voter Survey

Thank you for choosing to take part in this Cardano Catalyst voter participation survey conducted by Cardano AIM.

Summary (tl:dr) - Answer the survey with the best intention and help provide the community with valuable information about voters interaction with Catalyst. Also earn some ada.

Intention of the survey

This is a pilot survey to obtain information about how voters participate

Why is it important?

Data driven design leads to better results. Although there is an IOG community exit survey https://forms.gle/7FYP2MRaGrVDAUh87 the data is for internal IOG purposes. It is therefor important that the community conducts it's own research and makes available the data. Proposer and community as well as IOG can then use the information gathered for better decision making.

Reward details

There is a capped maximum of 300 participants and the survey will be open until at least 100 participants have answered . We have a total of $4000 in ada to reward to participants. The actual amount of ADA will depend on the exchange rate.

For more information please review our Fund 6 proposal: https://cardanocataly.st/voter-tool/#/fund/f6/challenge/26106/proposals/369554

Please not that in order to ensure the highest quality and value to the community we may remove your reward at our discretion if we deem your answers to be nonconstructive. No discussion will be entered into.

This is a pilot survey to obtain information about how voters participate in the governance of Cardano Catalyst.

Data driven design leads to better results. Although there is an IOG community exit survey https://forms.gle/7FYP2MRaGrVDAUh87 the focus is theirs to set. We feel that it is therefore important that the community conducts it's own research and makes available the data. Proposer and community as well as IOG can then use the information gathered for better decision making.

Please not that in order to ensure the highest quality and value to the community we may remove your reward at our discretion if we deem your answers to be nonconstructive. No discussion will be entered into.

Other than voting have you actively participated in Cardano Project Catalyst?

There is a capped maximum of 300 participants and the survey will be open until at least 100 participants have answered. We have a total of $4000 in ada to reward to participants. The actual amount of ADA will depend on the exchange rate.
